

Do you know what became of the Viking gods after Scandinavia and Iceland converted to Christianity?

By 1554, the Viking gods had almost completely faded from the cultural memory of Scandinavia and Europe. In the 17th century, antiquarian scholars in Scandinavia became aware that knowledge of the Old Norse mythology was extant in 13th-century Icelandic manuscripts known as *The Prose Edda* and *The Poetic Edda*.

The 19th century popular retellings of Old Norse mythology began with *The Heroes of Asgard and the Giants of Jötunheim, Or, The Week and Its Story* by Annie and Eliza Keary.

The Heroes of Asgard was published in three editions: 1857, 1870 and 1930, each with a new illustrator. Witness how the images evolved as the illustrators – Charles Doyle, Louis Huard, and Charles E. Brock – adapted the myths, reflecting their era's cultural influences and artistic styles. The books were immensely popular, and many other illustrated retellings soon followed.

This is the story of the downward journey of the Viking gods from deities in Valhalla—to heroes in storybooks for Victorian children—to moral figures for the use of homeschoolers both in the past and the present.

Louis Huard: The Punishment of Loki

The gods punished Loki because of his role in the death of Óðinn's son Baldr.

THE VANQUISHED VIKING GODS

LOST, FOUND, AND ASSIMILATED

Curated by Dr. Trish Baer & Michael Lines MLS

January 22nd - February 5th 2024
